

18<sup>th</sup> February 2008

Dear Parents,

Crest Investigators Science Club

We will once again be running the above Science Club for Year 2 children every Thursday from 3.30-4.15p.m commencing Thursday, 6<sup>th</sup> March. The club will help to promote the following scientific skills:

All investigations will consist of three stages:

1. Planning the investigation

- Predicting
- Devising investigations
- Fair testing

2. Carrying out the investigation

- Observing
- Measuring
- Recording

3. Considering the evidence

- Interpreting results

We hope this will help develop each child in their scientific knowledge.

There is no charge for this club, and as we anticipate a good response, we are restricting numbers to twenty four, with children selected on a first come first served basis. Should you wish your child to take part please complete the slip overleaf.

Yours sincerely,

R.J. Narrowway  
Head Teacher

**Crest Investigators Science Club - Year 2 children only**

Name of Child.....

Class .....

I would like my child to join the above Club. I agree to collect my child at 4.15p.m every Thursday from the school hall

Signed.....
