5th January 2010

Dear Parents,

Happy New Year!

I just wanted to write to you to apologise for not being in school to welcome you to the Christmas productions but unfortunately I had Swine Flu.

It is the first time I have had any time off from school for 5 years! It really did affect me and it was not until the week before Christmas that I really felt much better.

I dislike not being in school but I realised how poorly I was, and so did my family and friends, when I felt unable to come into school!

I do hope you all had a wonderful Christmas and lets look forward to a healthy 2010!

Kind regards,

Yours sincerely,

R.J. Narrowway
